

Consent & Release Agreement for Permanent Cosmetics

This form is designed to give information needed to make an informed choice of whether to undergo a permanent cosmetics application. If you have questions, please feel free to ask us.

Although permanent cosmetic tattooing is affective in most cases, no guarantee can be made that a specific client will benefit from the procedure.

This is the process of inserting pigment into the dermal layer of the skin and is a form of tattooing.

All instruments that enter the skin or encounter body fluids are sealed and sterilized before use and disposed of after use. Cross contamination guidelines are stickily adhered to.

Generally, the results are excellent. However, a perfect result is not a realistic expectation. It is usual to expect a touch-up after the healing is completed.

Initially the color will appear much more vibrant or darker compared to the result. Usually within 5-7 days the color will fade 10-50%, soften and look more natural. The pigment is permanent but will fade somewhat over time and will likely need to be touched-up through the years.

Photography and Videography Release Consent

_____ insurance company requires "Before" and "After" photos/videos be taken and kept on file.

We would like your permission to use these photos/videos for advertising. For example, in portfolios, online and in print adds, etc... Your consent is necessary regarding this. Please **circle** and indicate with your signature if you would like your photos/video used or not used in advertising.

YES, feel free to use them **NO** please do not use them

Possible risks, hazards, or complications

- **Pain:** There can be pain even after the topical anesthetic has been used. Anesthetics work better on some people than others. Lip procedures are more likely to involve some pain.
- **Infection:** Infection is very unusual. The areas treated must be kept clean and only freshly cleaned hands should touch the areas. See "After Care" sheet for instructions on care.
- **Uneven Pigmentation:** This can result from poor healing, infection, bleeding, or many other causes. Your follow up appointment will likely correct any uneven appearance.
- **Asymmetry:** Every effort will be made to avoid asymmetry but our faces are not symmetrical so adjustments may be needed during the follow up session to correct any unevenness.
- **Excessive Swelling or Bruising:** Some people bruise and swell more than others. Ice packs may help and the bruising and swelling typically disappears with 1-5 days. Some people do not bruise or swell at all.
- **Eye Exposure:** There is a small risk of eye injury when an eyeliner procedure is performed. To avoid corneal abrasion, Celluvisc, a thick eye drop is used to protect the eye prior to the procedure. Eye drops are used to cleanse and flush the eye after the procedure is complete.
- **Anesthesia:** Topical anesthetics are used to numb the area to be tattooed. Lidocaine, Prilocaine, Benzocaine, Tetracaine and Epinephrine in a cream or gel form are typically used. If you are allergic to any of these please inform me now.
- **MRI:** Because pigments used in permanent cosmetic procedures contain inert oxides, a low-level magnet may be required if you need to be scanned by an MRI machine. You must inform your technician of any tattoos or permanent cosmetics.
- **Fever Blisters:** If you are prone to cold sores or fever blisters, (herpes simplex), there is a high probability that you will get them. It is advised that you call your doctor for a prescription antiviral to help prevent this from occurring.
- **Allergic Reaction:** There is a small possibility of an allergic reaction. You may take a 5-7-day patch test to determine this. Please initial to: **Waive**_____or **Take**_____.

The alternative to these possibilities is to use cosmetics and not undergo the Permanent Cosmetics procedure.

STATEMENT OF CONSENT AND RECITALS: Please read and initial all lines

___ Aftercare instructions have been explained to me and a written copy will be given to me to retain in my possession, which I will follow to the best of my ability. If I have questions I will call or email you.

___ I understand that a certain amount of discomfort is associated with this procedure and that swelling, redness and bruising may occur.

___ Fever blisters may occur in lip procedures in individuals who have the herpes simplex virus, and it is my responsibility to obtain a prescription from my doctor for an anti-viral medication to help avoid a breakout.

___ I understand that Retin A, Renova, Alpha Hydroxy and Glycolic Acids must not be used on the treated areas. They will alter the color.

___ I understand that sun, tanning beds, pools, some skin care products, and medications can affect my permanent makeup.

___ I understand that successful lip color saturation can NOT be guaranteed due to hidden scar tissue.

___ I will tell all skin care professionals or medical personnel about my permanent makeup procedures, especially if I am schedule for an MRI.

___ I accept the responsibility for explain to you my desire for specific colors, shape, and position for any procedure done today.

___ I understand that implanted pigment color can slightly change or fade over time due to circumstances beyond your control and I will need to maintain the color with future applications and a touch up session within 60 days.

___ I acknowledge that the proposed procedure(s) involve risks inherent in the procedure and have possibilities of complications during and/or following the procedures such as: infection, misplaced pigment, poor color retention and hyper-pigmentation.

___ I accept full responsibility for the decision to have this cosmetic tattoo work done.

I certify that I have read or have had read to me the contents of this form. I understand the risks and alternatives involved in this procedure(s) and I have had the opportunity to ask questions and all of my questions have been answered. I acknowledge that I have reviewed and approved the material given to me and I authorize _____, as my permanent cosmetics technician to perform on my body the following procedures.

Aftercare

After care is especially important for producing a beautiful and lasting result.

- Keep the area clean by washing with freshly washed hands and a mild soap. Do not use a washcloth or sponge to remove soap. Simply splash with water. Do not use cleansing creams, acne cleansers or astringents. Use a mild, natural soap.
- Apply the aftercare balm with freshly washed hands or a Q-tip. If the balm is too stiff to use, simply warm it up in a glass of warm water or on your finger. Use the balm very sparingly. Too little is better than too much. Blot off excess with a clean tissue. Never touch the procedure area without washing your hands immediately before.
- Do not scrub, rub, or pick at the epithelial crust that forms. Allow it to flake off by itself. If it is removed before it is ready the pigment underneath it can be pulled out.
- Do not use any makeup near the procedure area including mascara for eyeliner procedures for at least 3 days. Purchase new mascara and makeup if possible, to avoid contamination or bacterial infection.
- Always use a sun block after the procedure area is healed to protect from sun fading.

What is normal?

- **Swelling, itching, scabbing, light bruising, and dry tightness.** Ice packs are a nice relief for swelling and bruising. Aftercare calm is nice for scabbing and tightness.
- **Too dark and slightly uneven appearance.** After 2-7 days the darkness will fade and once swelling dissipates unevenness usually disappears. If they are too dark or still a bit uneven after 4 weeks, then we will adjust during **the touch up appointment**.
- **Color change or color loss.** As the procedure area heals the color will lighten and sometimes seem to disappear. This can all be addressed during the touch up appointment and is why the touch up is necessary. The procedure area must be completely healed before we can address any concerns. This takes at least four weeks.
- **Needing a touch up months or years later.** A touch up may be needed 1 to 5 years after the initial procedure depending on your skin, medications, and sun exposure. We recommend a touch up 30 days after the first session and every few years to keep them looking fresh and beautiful.
- Touch up sessions after 30 days will be \$100 or current touch up rate at time of touch up.
- Yearly touch up will be \$200 - \$300 depending on how much work needs to be done.

Failure to follow aftercare instructions may result in infections, pigment loss or discoloration.

I have read, understand, and agree to the above instructions.

Booking & Cancellation Policy

DEPOSITS

A deposit of half (50%) of the service amount is **REQUIRED** when booking an appointment. This deposit will be applied toward the service total upon completion of the service. Deposit can be paid online via PayPal, credit card or Zelle ([469-818-0077](tel:469-818-0077)) OR by Cash in person.

CANCELING AN APPOINTMENT

Please contact the Studio via Phone **AT LEAST 24 HOURS** prior to your scheduled appointment date and time to avoid a lost in your deposit. *

*Cancellation is required 24 Hours Prior to appointment; failure to cancel within the required time will result in a loss of deposit. A No Show is considered failure to cancel or failure to show for a schedule appointment.

LATE/TARDY

We will always try our best to accommodate you if you are running behind, stuck in traffic, etc. It happens, we know! However, your tardiness can affect the remainder of our teams' day by delaying them for the clients who come in on time. For this reason, we have set a few general ground rules for such situations. Clients will generally be allowed a 5-minute grace period. After that time, we will call to check in on you. If you can make it in time for your entire service to be completed, great! If not, you may have to forgo parts of the service to keep it in the time allotted for you. Please always call if you even think you might be late; we'd rather know as early as possible so that we can do our best to fit you in without upsetting the flow of our day!

Again, please remember that your appointments are reserved for you & ONLY YOU. These policies allow us the opportunity to alert our standby clients of any openings, therefore allowing us to provide the best service possible. We very much appreciate your business and compliance with our policies. See you soon!

We reserve the right to refuse appointments to any client who has demonstrated disregard of our cancellation policy

I understand the Cancellation policy and agree to it terms
